Product recall – suspected salmonella contamination

iChoc Planty Classic 80g – best before 07.2026 – batch/lot L25125

Ecofinia GmbH is recalling the product **iChoc Planty Classic 80g** with a best-before date **of 07.2026** and batch number **L25125**.

As part of a consumer test, a sample of this batch purchased in a retail store tested **positive for salmonella**. Although this finding could not be confirmed by our extensive internal analyses and rigorous quality controls, a possible contamination **cannot be completely ruled out** at this time. We are therefore taking this information very seriously and are recalling the affected batch as a precautionary measure. As of now, there are no known cases related to the above findings.

As a precautionary measure to protect consumers, Ecofinia GmbH has instructed retailers and business partners to immediately block the affected products and remove them from sale. Consumers who have purchased the product should not consume it and return it to the retailer. The purchase price will be refunded.

Only the aforementioned product with the best-before date **07.2026** from batch **L25125** is affected. The safety of our consumers is our top priority. We're working closely with the authorities to resolve the matter fully and transparently.

We apologize to our customers for any inconvenience caused and are available to answer any questions at presse@ichoc.de.
